PROGRAMME PLANNING

Country, intercountry and global programmes

EXTENSION OF THE THIRD COUNTRY PROGRAMME FOR INDONESIA

Note by the Administrator

1. The third country programme for Indonesia (DP/CP/INS/3) expired in December 1989. However, the fifth national development plan (1989/90-1994/95), which will form the basis of the new country programme was announced only recently. In view of the critical need to fully reflect in the forthcoming country programme the thrust, strategies and priority developmental concerns as enunciated in the new development plan, the Government has requested that the third country programme be extended for one year, in accordance with Governing Council decision 81/15 of 27 June 1981.

2. During the one year extension, United Nations Development Programme programme activities will continue to be consolidated around the priority areas identified by the mid-term review of the country programme, and presented to the Council at its thirty-sixth session (1989), i.e., promotion of non-energy exports, employment creation, and support to basic needs. At the same time, the overall emphasis of the third country programme, human resources development, will be maintained.

3. The Administrator wishes to inform the Council that he has approved the extension of the country programme for Indonesia for a period of one year beginning 1 January 1990.
